## ***Noxious Weed Ordinance***

On July 2, 2018, the Village Board amended Section 8.9.04 Public Nuisances. The amendment reads as follows:

The Village Board finds that lawns, grasses and noxious weeds on lots or parcels of land which exceed eight (8) inches in length adversely affect the public health and safety of individuals as that they tend to pollinate, constitute fire and/or become a safety hazard. Therefore, any lawns, grasses or weeds located within developed areas of the Village is hereby declared to be a public nuisance and shall be the duty of every property owner to mow or cause to be mowed all grasses or weeds exceeding eight (8) inches in height, except for property located in a designated floodplain or wetland area. In addition, where the owner, occupant, or person in charge of the property fail to cut the lawn, grass, or weeds set forth above, the village may elect to cut said lawn, grass or weeds and shall charge the expense of doing so at the rate charged for service. If not paid, the charges shall be applied on the tax roll as a special tax against said parcel of land, and the same shall be collected in all respects like other taxes upon real estate, or as provided under Sec 66.615 (3) (f) Wisconsin Statutes.
